

*NOTE: The SBCCI Standard Codes are designed for adoption by state or local governments by reference only. Jurisdictions adopting them may make necessary additions, deletions and amendments in their adopting document. Incorporation of any part of the SBCCI Standard Codes in codes published by states, local governments, regulatory agencies, individuals or organizations is expressly prohibited. When your jurisdiction has adopted one or more of the SBCCI Standard Codes, please send a copy of the adopting document to the SBCCI headquarters office.*

*EXCEPTION: Local governments and jurisdictions within Louisiana which adopt their own local plumbing code must ensure that such local code does not conflict with the requirements of the Louisiana State Plumbing Code and is not less restrictive than the Louisiana State Plumbing Code requirements. Local plumbing codes are allowed to be more restrictive than the Louisiana State Plumbing Code. (See LA. R. S. 40:14)*
